

RoSPA Level 2 International Award in Defensive Driving

Enhance workplace road safety by pursuing the RoSPA Level 2 International Award in Defensive Driving. This internationally recognized qualification is designed to help organisations and drivers reduce road risks through safe and responsible driving practices. The course focuses on hazard awareness, defensive driving techniques, and risk management on the road. It is ideal for employees who drive as part of their work, fleet drivers, and organisations committed to improving road safety standards.

Course Syllabus

The RoSPA Level 2 International Award in Defensive Driving (Regulated Award) course covers the following key areas:

- **Human Factors and Driver Behaviour:** Understand the role of human factors and driver behaviour in managing occupational road risk
- **Safe Driving Behaviour:** Demonstrate safe driving behaviour in all driving environments including urban, rural and motorway settings
- **Driver and Vehicle Audits:** Learn how to conduct pre-journey driver and vehicle audits for comprehensive safety.
- **Importance of Planning:** Participants learn the significance of planning to enhance safety while driving
- **Pre-Journey Checks:** Understand the importance of conducting pre-journey checks to reduce occupational road risk

**Training
Methodology**

**Classroom
training**

**On-road practical
driving exercises**

Duration

| Type | Training Duration | Exam Duration |
|-------------------------------|-------------------|---|
| Classroom + On-road practical | 1 Day (8 hours) | Assessments are typically integrated within the 8 hours total course duration |

Course Assessment

| Units | Type of Assessment |
|----------------------|---|
| Theory Assessment | Verbal Questions & Answers |
| Practical Assessment | Practical Demonstration and Observation |

Participants must successfully demonstrate both theoretical understanding and practical driving competency.

Prerequisites
